**[5% Discount to Anyone Buying Five Head or More]**

Dear Friends and Cattlemen,

Welcome to the 26th 'Genetics for the Future' Production Sale. What an extraordinary year it has been. The pandemic has brought a lot of unknowns to our country and world. We pray you and your loved ones are healthy and finding the positives in a time of uncertainty. During this last year we have been incredibly grateful for our family, our health, and our operation. As a farming/ranching operation, our job is 24 hours a day, seven days a week, doing what we love and loving what we do -- raising kids, crops and beef.

We are excited and proud of the impressive cattle we have to offer you. This year's bulls are outstanding, the bred heifers are big and stout, and our cattle are bred to have an abundance of volume, fleshing ability, muscle shape, structure and soundness. Along with those traits they must have eye appeal, great disposition and genetics that will perform in the pasture and on the plate.

If you are interested in talking cattle, seeing them in-person, or would like questions answered we are always available via call, text or stopping by the farm. We know detail is important when it comes to your purchase and your operation and we are here to assist you with what you are looking for.

A new sale highlight we are adding to our lineup this year is the pick of our open heifers, with 60 to choose from. We offer \$50 off all bulls taken home sale day. With the bred heifers being close to their due date the day of the sale we kindly ask you plan to take them home sale day or make arrangements with us following the sale. We highly recommend anyone who does not take their animals home sale day to look into insuring them. The sale will be broadcast live on [dvauction.com](http://dvauction.com). We look forward to seeing you sale day, Tuesday, March 16.

Thank you from all of us at Vaughn Farms Limousin,  
Tom & Rita  
David, Brittany, Wyatt, Remington & Hope  
Craig, Kelly, Weston & Maggie

## TOMV HERMAN 014H

BULL • PUREBRED(100/89.5) • HOMO POLLED (T) • RED  
2/27/2020 • NPM2272089 • TOMV 014H

This red homozygous polled herd sire prospect is sure to be a crowd favorite on sale day. Visually, he is heavily structured, level topped, with extra muscle expression and free moving off both ends of his skeleton. He is sired by DLVL Bud Ice 4112B, the JLX Red Bull Son who always sires impressive calves that rank at the top of the breed for growth, docility and ribeye. His dam is Miss Tom 104Y a 9-year-old Wulfs Wagon Train 3197W daughter, that is top 1% of the breed for calving ease maternal, docility and ribeye. On paper TOMV Herman 014H has impressive stats, 64 weaning weight, 97 yearling weight. Also, take note of his 21 docility and 1.63 ribeye that ranks in the top 1% of the Limousin breed. He predictably scanned an adjusted 18.50 ribeye and an adjusted 2.565 intramuscular fat. Make no mistake and be sure to have him on the top of your list March 16.

Well balanced, is the term that best describes this young herd sire prospect. He is stout featured, long bodied, wide based and is truly impressive when set into motion. Sired by DLVL Draft 622D making him a paternal brother to Lot 2. Besides his phonetical advantages on paper he reads well 66 weaning weight, 94 yearling weight, 30 milk, 64 total maternal. His dam CRVL MISS Zeek 773E is a homozygous polled 3-year old that did a great good on her 2nd calf. His calves will be a hot commodity.

Here is a bull that deserves some serious attention. Study his length of body, level top and hind quarter dimension. He is sired by TOMV Diesel 619D which makes him a half brother to the extremely popular and high-selling Lot 4 at the Annual Trefz Bull Sale for \$50,000. His dam is a maternal grand dam to Lot 3. Numerically CRVL Hercules 025H has a well balanced EPD profile highlighted by his growth and carcass traits. This homozygous polled, red herd sire should be put at the top of your list on sale day.

This one has the capacity, growth, scrotal development and muscle expression that great cattlemen scout for. His dam is sired by the well known Wulfs Big Timer 2004B, the Sirloin son that makes great replacements and adds carcass merit to any pedigree he is applied. On paper TOMV Hershey 087H has good growth with a 66 weaning weight, 95 yearling weight. Also take note of his 1.01 scrotal EPD that ranks in the top 10%.

## SELLING PICK OF THE 2020 BORN OPEN HEIFERS

Choose from more than 53 of the next generation of Vaughn genetics. All females are polled and represent our 4 decade commitment to breed improvement. Sires represented include: DLVL Bud Ice, TREF Engineer, STNBRZ Electro, TOMV Diesel, DLVL Draft, JYF Zeek, RUNL Branch, JFAF Earning Power, Amaglen Forged Steel, GV Austin, TREF Ez Street, DLVL Young Gun, L7 Five Star and DLVL Xerox. Selection must be made by April 15, 2021. Contact us for more details.

# Bred Heifers

It is with both pride and some sadness that we present this year's bred heifers. The traits that make us proud of these females are the very same ones that make us sad to see them go. Given their lineage, we believe these bred heifers have what it takes to be productive in a variety of environments.

These females are the result of 38 years of breeding and selection for the traits necessary to stand the test of time in the cattle business. They were selected based on a combination of quality and numbers and are bred for the long haul. Females at our place are never pampered, and are always expected to bring in either a replacement quality heifer calf or a bull calf worthy of making it into our annual sale. Rest assured, we have spent a lot of time sorting, culling and discussing to bring you the best we have to offer. We hate to see them go, but are excited to see the long-lasting contribution they will make for their new owners.
