[5% Discount to Anyone Buying Five Head or More]

Dear Friends and Cattlemen,

Welcome to the 28th Annual Vaughn Farms “Genetics for the Future” Production Sale. This year brought many changes and a few challenges to the farm. One big change we made this year was our sale date. After 27 years of having our sale in the middle of our calving window, we felt it was time to move it up before calving season starts. This also helps us be able to market some earlier bred females to meet more of our customer’s needs.

This year’s bull calves were weaned at the end of September and have exploded into heavily muscled, super docile, correctly made bulls. We feel they represent what we are trying to produce. Docility has been very important to us, and we have culled very hard over the last 25 years. A quick look through the NALF Proven Dam top 40 list for docility shows that Vaughn Farms is home to 9 of the top 40 cows in the country for the docility EPD. The bred heifers are straight from the replacement pen. They are big bodied, broody females with outstanding EPDs. They will make excellent cows that have a lasting impact on your herd.

We know details are important when it comes to your purchase, and we are here to assist you with what you are looking for. Please reach out to any of us before our sale date so we can go over the specifics as to what you are looking to bring to your herd.

Once again will be offering \$50 off all bulls taken home the day of the sale. We highly recommend anyone that does not take their animals home sale day to look into insuring them. With the bred heifers being close to calving, we kindly ask you take them home sale day or make arrangements with us prior to the sale.

The sale will be broadcasted live on DVAuction. Videos and supplement sheets will be online at DVAuction.com and on our website. We look forward to seeing you sale day, Wednesday, February 15 at 1:00 p.m.

Thank you from all of us at Vaughn Farms Limousin,

David, Brittany, Wyatt, Remi & Hope  
Craig, Kelly, Weston & Maggie  
Tom & Rita

%RANK	60	75	15	10	15	70	95	2	45	35	45	95	65

This red, homozygous polled, herd sire prospect is sure to be a crowd favorite sale day. He is sired by TREF Hardcore 204H, the TOMV Diesel 619D son that sold for \$50,000 at the 2021 Trefz Where Muscle Still Matters Annual Bull Sale. This sire caught the attention of many being at the top of the breed for growth, docility and ribeye. His dam is CRVL Miss Xerox 307A, a nine-year-old DLVL Xerox 023X daughter that is in the top 1% of the breed for docility. Visually, he is heavily structured and level-topped with extra muscle expression. He moves freely off both ends of his skeleton. On paper, CRVL Kit Kat 233K has impressive stats—a 78 weaning weight EPD, a 122 yearling weight EPD and a 19 EPD for docility. Make no mistake and be sure to have him on the top of your list.

Retaining 1/3 Semen Rights.

Big-time growth bull here! If you are searching for a herd sire prospect that will add pounds, look no further than DLVL Kansas 224K. He recorded a 731 lb. 205-day weight that ratio'd a 113. This explosive growth could be predicted due to his performance EPDs as his weaning weight and yearling weight both rank in the top 15% of the breed. His sire, TREF EZ Street 107E, is a Wulfs Caper 330C son that has consistently sired fast-growing, heavily muscled calves. His dam is a two-year-old JYF Zeek 151Z daughter that did an outstanding job on her first calf. Numerically, he offers a 78 weaning weight EPD and a 108 yearling weight EPD. Both traits rank in the top 30%. If you continue to study his EPDs, you will find top 2% total maternal, top 10% docility, top 35% mainstream terminal index and top 3% ribeye rankings. This combination of presence and numbers project him to be the type of herd bull that produces well-balanced, polled, stout calves year-in and year-out.

Here is a bull that deserves some serious attention. Study his length of body, level top and hind quarter dimension. He is sired by Greenwood Electric Impact, the 2019 Canadian Western Agribition Supreme Champion Bull. His dam is TOMV Miss Draft 937G, a cow with a great look. Numerically, TOMV Key Master 241K has a well-balanced EPD profile highlighted by his growth and carcass traits. This double-polled, red herd sire should be put at the top of your list on sale day.

Here's one that comes to us in a red, homozygous polled package and carries that traditional Limousin look that made the breed popular. Visually, this son of TREF Engineer 807E is extra heavy muscled, wide-topped, docile and structurally correct. On paper, DLVL Kracken 2124K excels with exceptional weaning weight. Also, take note of his top 10% milk EPD rank. There is a wide range of use for this purebred.

Well-balanced is the term that best describes this young herd sire prospect sired by JYF Zeek 151Z. He is stout-featured, long-bodied, wide-based and truly impressive when set into motion. Besides his phonetical advantages, on paper he reads well. He ranks in the top 45% for weaning weight, top 50% for yearling weight, top 4% for milk and top 10% for total maternal. His dam, CRVL Miss Xerox 605D, is a six-year-old that did a great job on this calf. His calves will be a hot commodity. Don't miss this homozygous polled, black-hided purebred.

Suitable for Heifers.

If you like long-bodied, heavily muscled, functionally correct cattle that are homozygous polled and red-hided, then watch for this exceptional son of DLVL Young Gun 125Y. His paternal influence is strong and fits the mold of TREF EZ Street 107E. His dam is sired by GV Austin 701A and has done a great job. Take note of his moderate 75 lb. birth weight. On paper, he has a low birth weight figure and exceptional maternal figures. These traits he excels in indicate his ability to sire a fantastic set of replacements. Bid with confidence.

%RANK	15	2	85	85	20	15	75	85	75	45	80	70	85

Suitable for Heifers.

Here is another heifer-safe herd sire you have been scouting out. He ranks in the top 15% for calving-ease direct, top 15% for calving-ease maternal and has a negative birth weight EPD that ranks in the top 3% of the breed. He is a calving-ease sire with a muscular, long-backed, deep-bodied phenotype. His sire is JYF Groundfloor 303G. Add this double-polled sire to your bull pen to create valuable calves and elite replacements.

This guy will absolutely catch your eye. He is stout featured, long-bodied, wide-based and truly impressive when set into motion. He weaned at 727 lbs. to ratio a 112. He is sired by DLVL Draft 622D who has made his mark in our herd due to his ability to transmit functionally correct and muscular phenotypes. His dam is a TMCK Cash Flow 247C daughter that has done a remarkable job. On paper, TOMV Karlstad 252K has exceptional growth with EPDs like an 80 for weaning weight and a 117 yearling weight. Both traits rank in the top 25% of the breed. This homozygous polled purebred is going to do big things for the winning bidder. Make that be you.

Rugged phenotype with capacity, growth and extra muscle expression. Study this bull's well-balanced numerics. He is a son of TREF Engineer 807E, the TREF Commander 766C son, who has had a tremendous impact on our cow herd. His dam is a highly productive DLVL Young Gun 125Y daughter that did a great job on our farm. Study his well-balanced numbers to find his maternal figures are breed leading with a 27 milk EPD and 16 docility EPD that both rank in the top 15%. Put him on your shortlist.

Suitable for Heifers.

Heifer bull deluxe! This bull presents a negative birth weight figure on paper, not to mention his phonetical advantages. He is sired by DLVL Draft 622D and his dam is DLVL Miss Branch 941G, a homozygous polled three-year-old that did a great job on her second calf. His calves will be a hot commodity. Don't miss this homozygous polled, black-hided purebred.

This bull is an absolute stand-out in the offering. Heavily muscled, ruggedly designed, big-bodied and sound on the move. He is a TREF Gunpowder 290G son that catches your attention from across the pen. His paternal brothers in this offering are proof of the consistency and predictability of these genetics. His dam is another highly productive and maternal JYF Zeek 151Z daughter that has extra muscle.

Heavyweight, homozygous polled, black and purebred; this one grabs your attention due to his length of body, wide top, hind quarter dimension and performance. He is yet another TREF Engineer 807E son to add to your list. His dam is a young RUNL Branch 230B daughter that is doing a great job. Numerically, CRVL Key Lime Pie 266K is in the top 40% of the breed for both weaning weight and yearling weight, and top 5% for ribeye area. Also, take note of this herd sire prospect's impressive 205-day weight of 717 that ratio'd a 111. Don't miss this herd sire prospect that will add pounds and dollars to any operation.

Be sure not to overlook this wide-bodied, fast-growing, thick-ended individual. He posted a 205-day weight of 660 lbs. to ratio a 102. His sire is JYF Groundfloor 303G, a son of the popular PLNS Polled Executioner 19E. His dam is yet another highly productive and maternal JYF Zeek 151Z daughter. This herd sire comes with a well-balanced EPD profile and a great look. Don't miss out, add this homozygous polled sire to your bull pen to create highly marketable calves.

If you like performance-oriented, sound-structured, big-bodied, double-polled, red cattle with a combination of function and numbers, then study these amazing females. Phenotypically, these females are massively made - full in their fore rib, loaded with rib shape, pronounced in their stifle muscle and heavily structured. These females are sired by Amaglen Forged Steel, who has a strong influence on this offering, has produced exceptional daughters. On paper, both females have a well-balanced set of EPDs. Don't miss these sisters!

**TREF ENGINEER 807E** • Sire of Lots 46A, 46B & 48B

Here is a pair of purebred females that offers a magnitude of upside potential to cattlemen. Both rank high for growth and maternal traits. Their sire, TREF Engineer 807E, has done a tremendous job in our program. On paper, this duo has exceptional growth and performance. These females easily set themselves apart from the rest.

PE'd 6/1/22-6/9/22 to SYES Holden 415H. Will calve 3/13/23-3/21/23. Black, Polled calf. PE'd 6/10/22-8/1/22 to TOMV Harry 031H. Will calve 3/22/23-5/13/23. Red, Polled calf. Holy Cow! Here's a female that combines a well-balanced look with plenty of stoutness and muscle shape. She is sired by Amaglen Forged Steel and he has done a terrific job in our herd. Don't miss this female, we think that she has a bright future ahead of her no matter what your plans hold.
